

Headteacher: Mrs L Ayling BA (Hons) NPQH

February 2020

Dear Parent/Carer

Safer Schools App

As part of Prenton High School for Girls ongoing support to both parents and pupils with regards to the online world we now have free access to the Safer Schools App. It is designed to make the wider school community safer online. It has online safeguarding advice tailored to specific needs so we have different versions available not only for staff but for parents/carers and students. It gives access to information such as safety settings, online risks, social media advice and how to block and report.

This will empower both staff and parents to help protect children. It also offers a weekly 60 second bulletin on current hot topics and alerts when necessary on any current dangers such as new apps that have very little or no monitoring.

Scan to download Safer Schools App for Android

Scan to download Safer Schools App for iOS

Simply scan the QR code above or download the App. Then simply open the App and enter the following codes.

User Role	Login Code	QR Code Link
Pupil – KS3 Yr 7 to 9	3447	Download
Pupil – KS4 Yr 10 to 11	4898	Download
Parent/Carer - Secondary	7675	Download

We hope you take advantage of this excellent resource to aid you in supporting your child in the ever changing online world. We will send out tips in the weekly bulletin on some of the features you are able to access to support use. Do not hesitate to contact me if you have any questions. Please contact me via the school office or directly via email: tsimon@prentonhighschool.co.uk.

Yours faithfully

Mr T Simon
